Leadership
User empathy
Passion for design
Organized & process-oriented

Education

Master of Human-Computer Interaction & Design

UC Irvine, 4.0 GPA

Competitive analysis, research, insight synthesis, testing and iteration, design, wireframing, prototyping, and IoT concepts.

BA in Studio Arts

UC Irvine

Color theory, painting, and figure drawing helped me develop my natural artistic interests and abilities.

Experience

Graphic Designer

Control Corrective Skincare, 1.5 years

Designed product labels and maintained marketing assets for over 100 private label brands.

Freelance Designer

Various clients, 10 years

Enhanced brand identities through logo design, printed marketing material, and design consultation.

Achievements

PGSF

First Place

The Print & Graphics Scholarship Foundation selected my entry to advertise their design scholarships on college campuses nationwide.

Distinguished Honor Graduate

US Army

Earned the title of Distinguished Honor Graduate, an honor awarded to the highest rated soldier in BCT.
